TO THE MEMBERS OF THE COMMON COUNCIL

Ladies and Gentlemen:

J-94-05-12

Enclosed please find a Special Ordinance for approval of a garbage service contract with National Serve-All for city-wide garbage pick-up and disposal service as now being provided by Waste Management with the exception that yard waste pick-up is eliminated from this contract. The contract price is \$37.36 per ton for pick-up either from residential or city facilities and \$14.13 per ton disposal.

The contract specification follows the existing specifications permitting 80% of the consumer price index for a service cost adjustment on pick-up fees. Disposal cost increases are limited to costs created by changed regulations affecting landfill costs and not simply by landfill price increases related to the supply and demand.

We still have a window to renew the current waste management contract for a one year period. If this contract were not approved, that extension must be made shortly after June 30, 1994. It is believed, however, that a renewal of that contract and rejecting bids for all other contracts would discourage outside bidders from competing for Fort Wayne's waste service contracts and would result in higher costs for yard waste pick-ups immediately with possibly significantly higher increases in all trash costs in a new contract bid in 1995.

Very truly yours,

CITY OF FORT WAYNE BOARD OF
PUBLIC WORKS

Associate City Attorney
